U Really rock I am a big fan of your site Though u post some new movies late compared to other sites.. Thanx a lot Replacing all my old songs with these [one request Plz include albumarts for new movie uploads like damarukam].. Especially A R Rehman & Yuvan,Devisri and also old classics ofcourse "Ilayaraja".. [not like other sites where they put their site detail stuff in each & every song & also replace the artist details with their website details.. This app brings to you the best of tollywood where old is gold with many evergreen golden hits in telugu cinema.
